

STANDARD OPERATING PROCEDURES (SOP) i.t.o The Cybercrime Act

6 hours remote lecturing

Held over 2 days

COURSE INFORMATION

The Standard Operating Procedures for the investigation, search, access or seizure of articles (data/computer programs) has been published and it governs the procedure that the South African Police Service will use when seizing electronic evidence.

It also governs the procedure that other bodies, such as the National Credit Regulator or the Financial Services Regulator, must use. This course will familiarise attendees with the new provisions and provide insight as to difficulties that may be experienced when dealing with electronic evidence and how to overcome them.

The course will benefit: criminal attorneys, advocates, legal advisors, electronic service providers (for reporting obligations and how to deal with data held by customers), Information Regulator, National Credit Regulator.
