

GARDENING SUPERVISOR

(Payclass 06; Permanent)

Estates and Custodial Services

Grounds and Gardens

Properties and Services Department

The Gardening Supervisor is responsible for the daily operations of Grounds & Gardens' Horticultural and landscape management Services, and for directing the teams of staff reporting to them, as instructed by the Operations Manager. Duties include, amongst others, allocating tasks to teams reporting to them, quality assurance, and customer and client service. Garden Supervisors have a major responsibility to ensure that subordinates under them adhere to the correct maintenance protocols and best horticultural practice and service delivery to ensure that the campus is kept in a pristine manner.

Requirements:

- Grade 10 with 3 years of Supervisory experience
- Computer literacy, Word, email
- Experience in ground maintenance operations, including the use and maintenance of irrigation, horticultural and specialized landscaping equipment
- The ability to operate power equipment like trimmers, chainsaws, weed-eaters, blowers, and other tools required for gardening
- Knowledge of Health and Safety compliance relating to horticulture and landscaping development
- Adaptability / Flexibility, Building interpersonal relationships
- A valid South African driver's licence.

Advantageous:

- Practical horticultural experience supported by appropriate qualifications in the field.
- Knowledge of horticultural techniques covering a wide range of plant types, including invasive alien vegetation and heritage trees.

Responsibilities:

- Create a great campus environment, build, and develop a successful garden team
- Ensure that the landscape vision for the campus is not fundamentally altered from the original architectural or planting design.
- Assist with implementing agreed planting and maintenance programs to develop the grounds and gardens across all campuses
- Ensure that the campus is always kept in a pristine manner in accordance with the specifications and standards laid down by the University Horticulturist.
- Problem solving, building partnerships, creativity and innovation, decision-making, judgement, managing conflict, planning and organizing, work management, work standards, resilience, tenacity, result-driven, and safety awareness.
- Supervise subordinates under them to adhere to the correct maintenance regime and best horticultural practice, and service delivery, including regular inspections
- Work collaboratively with the wider University campus community, i.e., Academic and Pass staff
- Regular maintenance, repairs, and installation of irrigation systems through inspection of the entire system and escalating to the Operations Manager.

The annual cost of employment, including benefits, is between **R276,959 to R325,831** p.a.
